DOOR-TO-DOOR SALES SOLUTION

COMBINE GPS TRACKING WITH MOBILE CREDIT CHECKS AND SALES ORDER PROCESSING TO ELEVATE YOUR DOOR-TO-DOOR SALES OPERATIONS TO THE NEXT LEVEL.

Mobile Phone and Web Based Software Features

- Instantly GPS locate sales reps with mobile phones
- Playback sales rep routes via GPS breadcrumbs
- Sales reps receive leads on mobile phones
- Audible navigation with real-time traffic, road construction and fuel prices on phones to next lead
- Sales reps request / receive credit approval on phones
- Sales reps enter sales orders on phones
- Create custom mobile electronic forms with unlimited fields including signature and picture capture
- Dynamic route optimization of assigned leads
- Wireless payment processing option on phones
- Mobile printing of sales orders or receipts
- Mobile time card on phones
- SOS alerts (man down) available on phones
- Back office systems integration
- Full sales reporting and data export capabilities

Software Benefits:

- Increase sales per rep
- Save time with optimized sales leads
- Improve sales reporting and tracking
- Increase sales calls per day
- Reduce fuel costs
- Enhance sales rep safety
- Eliminate duplicate data entry and increase accuracy and efficiency
